FAQ

**How do we manage
bookings for pupils who
require 1:1 support and are
not included in the
standard staff-to-child
ratios?**

“

We have been very happy with the service,
and are delighted to renew our contract for
three more years. The parents & carers are
extremely happy with the system and the
help they receive from the Parent Support
team. Working with Childcare Bookings has
meant an enormous saving on admin time in
the school office, and any time we need any
support from the Childcare Bookings team,
everyone is really helpful.
